

Be Sure First

By a test at our risk. Don't spend a penny before you have tested it, before By a test at our risk. Don't spend a penny before you have tested it, before you are sure, before you have seen and felt. We know what we have to offer, we know the public. We trust to the power of what we offer. We trust to the public's sense of honor and gratitude. The sick man or woman suffering day by day for lack of the right kind of help is glad and happy to pay when they get the help. We know this, we know how Vitae-Ore helps, we know we will get our pay when it does help, and so we take the risk. We want to take it—all of it. We are glad to do it.

It is not a gamble, not an experiment but a test, and a test that has led in thousands of cases to positive knowledge that Vitae-Ore is a right medicine for sick and alling poor, thin-blooded, weak, debilitated men and women. It is a test that leads to our pay and Vitae-Ore's popularity. That is why we take all the risk and why we plainly and boldly say to you, don't spend a penny until you have tested it.

You Don't Risk

One single, solitary, red cent. You must use a postage stamp to write for the single, solitary, red cannot know that you need it, but we will return a 2-cent stamp to you after 30 days if you ask for it. We want the test to be absolutely, entirely and completely free of any and all cost to you if Vitae-Ore does not tirely and completely free of any and all cost to you if Vitae-Ore does not help you. We do not want it to cost you one single penny unless the 30-day treatment benefits you, unless it proves Vitae-Ore the remedy for your ills, as it has proven the right remedy for so many thousands of others. Then we want our pay and deserve it, but not otherwise! We take absolutely all the risk. We leave it entirely for you to decide; to say that we have earned our pay or that we do not deserve it. Read what Vitae-Ore is; read the sworn testimony of what it has accomplished for others, read our 30-day trial offer and write today for a \$1.00 package of 30 days' trial.

Our 30-Day Trial Offer

IF YOU ARE SICK we want to send you a full-sized \$1.00 package of Vitae-Ore, enough for 30 days' continuous treatment, by mail, postpaid, and we want to send it to you on 30 days' trial. We don't want a penny—we just want you to try it, just want a word from you asking for it, and will be glad to send it to you. We take absolutely all the risk—we take all chances. You don't risk a penny! All we ask is that you use Vitae-ore for 30 days and pay us \$1.00 if it has helped you, if you are satisfied that it has done you more than \$1.00 worth of positive, actual, visible good. Otherwise you pay nothing, we ask nothing, we want nothing. Can you not spare 100 minues during the next 30 days to try it Can you not give 5 minutes to write for it, 5 minutes to properly prepare it upon its arrival, and 3 minutes each day for 30 days to use it? That is all it takes. Cannot you give 100 minutes' time if it means new health, new strength, new blood, new force, new energy, vigor, life and happiness? You are to be the judge. We are satisfied with your decision, are perfectly willing to trust to your honor, to your judgment, as to whether or not Vitae-Ore has benefited you. Read what Vitae-Ore is and write for it today.

Vitae-Ore Is a mineral remedy, a combination of substances from which many world's noted curative springs derive medicinal power and healing virtue. These properties of the springs come from very small proportion of the medicinal substances in these mineral deposits being thus taken up by the liquid. Vitae Ore consists of compounds of Iron, Sulphur and Magnesium, elements which are among the chief curative agents in nearly every healing mineral spring, and are necessary for the creation and retention of health. One package of this mineral substance, mixed with water, equals in medicinal strength and curative, healing value, many gallons of the world's powerful mineral waters drunk fresh at the springs.

For Internal and External Use

USE THIS COUPON

IF YOU DON'T WISH TO WRITE A LETTER. Theo. Noel Co., Vitae-Ore Bldg., Chicago: Gentlemen: I have read your trial offer in NATIONAL TRIBUNE

and want you to send me a full-sized \$1.00 package of Vitae-Ore for me to try. I will agree to pay \$1.00 if it benefits me, but will not pay a penny if it does not. I am to be the judge. Following is my address, to which trial treatment is to be sent:

nent physicians, when I commenced using Vitae-Ore. I weighed about 100 pounds, but in three months I weighed 145 pounds and was well and hearty. I have not had a trace of Kidney Trouble since, and it is twelve years since I used the V.-O. I am now fifty-six years old, and I believe I am good for thirty years yet. I feel that I owe my life to Vitae-Ore. W. H. NORCROSS. my life to Vitne-Ore.

Cured 12 Years Ago

Horseshoer Had Lost His Grip

CONCORD, III.—I don't know how to express my feelings for Vitae-Ore and the great good it has done for me. Before I began its use I was suffering from a general Low Vitality. I was all run down and felt all out of fix. I had some Diabetes, had lost strength in my knees and

had some Diabetes, had some Diabetes, had lost strength in my knees and had no grip. I shoe horses and could not hold the shoeing hammer to clinch a shoe, my grip was so near gone. If I would walk a mile I would feel all tuckered out. I first heard of Vitae-Ore through an advertisement in The St. Louis Globe-Democrat, and I sent for and procured a package on trial, and have used four packages in all. I feel ten or fifteen years younger, and those who see me work and walk wonder at the great change that has come over me. I have gained in flesh, can do more work and easier than for years; have a good grip and feel better in every way. I write this in the hope that it may help someone to be benefited as I have been. in the hope that it have been. benefited as I have been.

J. L. MACKEY.

Feel Better Than For Many Years

NORBORNE, Mo.—I have been afficted for a long time with Rhenmatism, and although I have tried numerous remedies and have also been treated by well known doctors, I never received more than temporary relief. When I first read the Vitae-Ore advertisement offering the

Vitae-Ore advertisement offering the treatment on 30 days' trial, and sent for a trial package, I could not move without great paln and effort. I began taking the medicine immediately upon its arrival, and after a week's time I felt a great difference. After I had used but the trial package, I was able to return to my work, and, in fact, felt better than I had for a number of years. I continued the treatment for two months longer and can say that I improved in general health right along. I now feel fine and am doing a strong man's work every day, with little fatigue. I have explicit faith in the curative powers of Vitae-Ore and cannot say too much in its praise.

F. L. VINYARD.

Suffered 10,000 Deaths

Doctored 15 Years With 11 Doctors for Stomach, Heart, Kidney and Female Troubles

DAWSON, TEXAS.—I bless the day that I sent for a trial treatment of VitaeOre, for my health is better now than it has been for years. I have suffered so long
and so much for fifteen years, at times almost death. I had consulted and doctored
with no less than eleven doctors during that time, the best that could be had in this
vicinity but they couldn't help me at all. Each one treated me for a different aliment
and none seemed to make out just what my trouble really was.

Some said it was Female Trouble, and I was therefore operated on for same, but got no relief. I then doctored for
Stomach, Rheumatism and Heart Trouble with the same disappointing results. I suffered ten thousand deaths. My kidneys were in an awful fix; they would act often, but very
scant and thick with sediment and blood. I would have sinking spells and my heart would palpitate so terribly that I
thought my time had come. A terrible pain would start in my
left hip, and go down my left leg, and I would froth at the
mouth like one in a fit I would vomit every day for weeks at
a time and often could not retain even water on my stomach.
Two packages of Vitae-Ore did more for me than \$100.00
worth of the other medicine I had taken. I feel better than
weighing 147 pounds. I am thirty-three years old. My periods are no longer painful,
although formerly they caused me such pain that I would have to lie in bed; my kidneys now feel sound. I am forever trying to induce sufferers to use Vitae-Ore and thus
pay some of the debt of gratitude I owe to it.

MARY E. ROBERTS.

AVOID DANGEROUS OPERATIONS

The modern tendency of physicians and surgeons is to rush patients of to the operating table as soon as it is suspected that the medicinal treatment being followed will not be productive of the results desired. Frequently the entire diagnosis of the case is in error, causing a corresponding mistake in the form of treatment. Instead of immediately submitting the patient to the knife with its grave attendant dangers, as is generally urged, if an attempt were made to get a proper diagnosis and follow a rational medicinal treatment as thereby indicated, many dangerous and often fruitiess operations would be found unnecessary.

We do not for a moment, however, say that all operations are undertaken without necessity. It is certainly an undentable fact that surgery within the last few decades has made wonderful progress in the saving of human life and the removing of certain abnormal conditions. It is nevertheless, equally indisputable that much suffering and frequent deaths have ensued from the too quick use of the knife.

An operation should be resorted to only after all other known means and measures have failed and the operation is imperatively necessary to bring relief and prevent further complications. This is especially applicable to the various female disorders in which this practice of unque haste is, perhaps, the most pronounced.

Natural means of relief are always to be preferred to the unnatural, and the knife is unnatural. Vitae-Ore acts in a natural manner and has many times proven victorious in conditions where other treatments encountered failure and defeat.

USE VITAE-ORE FOR

Rheumatism, Kidney, Bladder or Liver Disease, Dropsy, a Stomach Disorder, Female Allments, Functional Heart Trouble, Catarrh of Any Part, Nervous Prostration, Anaemia, Piles, Sores and Ulcers, Constipation or Other Bowel Trouble, Impure Blood. Use it if there is something wrong in the workings of your system, something wrong with your Sleep, Foar Appetite, your Digestion, Nerves or Vitality. You cannot afford to suffer another day when the thing that has set thousands right is offered you without a penny's risk, when it takes but a few words to start you on the freatment which has won international reputation by the work it has done for thousands. You cannot lose a penny—you win back health or pay nothing. YOU ARE TO BE THE JUDGE!

Use Vitae-Ore for Stomach Troubles

The food we eat makes health, strength, vigor and vitality, for the octogenarian grandmother as much as for the infant in arms, and the stomach is the organ which plays the largest part in converting it into vital energy. Every exercise of strength, every movement or motion of the body and thought of the brain consumes a certain amount of vital energy, which must be replenished by food. The heart is the engine which drives the blood through the body, the lungs furnish the oxygen to purify it, but the food we can provides the material for the blood itself. When these materials fail to go through the right process in blood-making, when the stomach is weak and unable to do its duty, the trouble begins. Food, no matter how strengthening its con-stituents may be, does not energize unless it is digested and assimilated, and the stomach cannot properly digest food if it is overloaded; if the food is impreperly cooked; if it is not sufficiently masticated; if it is too sweet and rich; if it is stale or already partially fermented. The digestive organs may do the work for a period, varying in duration,

but there comes at last a day of reckoning.

It is when the dietary laws of nature are not compiled with, when through ignorance or neglect we rush through life doing and eating the things we should not in a way we should not, that stomach disorders begin. They usually commence and proceed so insidiously as not to excite any suspicion of irregularity. Soon, if neglected, the symptoms become marked and noted, such as indigeston, loss of appetite, belching of gas, flatulency, sour water rising, heartburn, sleeplessness, restlessness, headache, constipation, etc., and if neglect still continues, may result in inflammation, porttonitis, catarrh and many ills which follow in the wake of stomach disorders, affecting to a less or greater degree all the vital organs, and causing unhappiness, misery and often death. but there comes at last a day of reckoning.

the vital organs, and causing unhappiness, misery and often death.

The agriculturist overcomes a decrease of fertility by strengthening and enriching the land, adding necessary natural forces by means of an artificial fertiliser. The stomach must be treated, enriched, strengthened, revitalized in the same manner, and for this purpose Vitae-Ora is a tried and proven "stomach fertilizer." It supplies the stomach with strength and power lacking in a diseased condition, overhauls and cleaness the intestines, removes irregularities, and invigorates sluggish, weak places, reviving their ability to do the work which nature demands of healthy organisms. It makes the food feed the body with rich, flowing, red blood, builds up strength in muscle and nerve tissue, promotes a healthy, normal action in the secretory and excretory organs and a general return to health in the entire system.

Use Vitae-Ore for **Blood Troubles**

Impure blood is possibly the corner stone and underlying cause of more ills than all other causes combined, although few seem to properly appreciate this fact. The impurity or irregularity may not immediately disclose itself, but the

few seem to properly appreciate this fact. The impurity or irregularity may not immediately disclose fiself, but the seeds of disease are there, ready to take root and show themselves at the first opportunity in some of the many ways so dreaded by everybody. Every neighborhood has its portion of afflicted people, seemingly incurable, with complaints that have gradually and almost imperceptibly made their appearance, growing a little worse with each change of the season, until chronic aliments are well seated and developed in the system.

Each disease shows one or more symptoms peculiar to its form, but most are DIRECTLY TRACEABLE TO THE BLOOD, to the absence from the blood of some necessary vital force, or the presence in the blood of some foreign element, which impairs its powers to faithfully perform its duties to the system, causing a long list of disorders and complaints which yearly drag thousands to the grave.

Vitae-Ore is essentially a blood purifier, a blood tonic, a blood builder. It eradicates disease and builds up the system by its strength as a constitutional tonic, its power as a blood vitalizer, renovator and regenerator. It contains elements which are needed by the blood and are greedily absorbed by the thousands of minute blood corpuscies. These live and virile elements take their proper place in the blood circulation and supplant and expel foreign secretions which have been undermining the health. Vitae-Ore supplies these wants of nature and is an able assistant to nature that can be depended upon to do its proper work in the body under the most varying conditions.

Vitae-Ore is an ideal tonic for weak, anaemic, thin-blooded, debilitated men and women. Under treatment with it, watery and impoverished blood becomes fich, sir ng and virile, and as it courses through the veins imparts the color of health to the face, a sparkle to the eye and strength and vigor to the entire system.

Permanently Cured of Gall Stones

Permanently Cured of Gall Stones

New Paris, Ind.—I was afflicted with what my family doctor called Gall Stones, which troubled me for two years or more. Sometimes the pain was almost beyond endurance, and when the pain was on I had to call the doctor, who always gave me some medicine to relieve me, but it would not cure. Two years ago last March I went to my work one morshag feeling fairly well. I worked until about eleven o'clock when I fait the pain. I took a does of the medicine which I carried for that purpose and then worked a few minutes longer, but found that I could not stand it. I went to the stove thinking that if I could get warm I would get over it in a little while, but in less than 30 minutes I had to be carried out of the mill and was taken home in a buggy. I thought I would not see my home again. On arriving I was put to bed and the doctor came prot.—I was in terrible agony. My pulse was below 40 and contain the fact of a trial package and was so well pleased with the outcome that I procured more and continued with it. I am certainly well now and can do as much work as I ever could, although I am 50 years of age. It is now a year since my last attack and I am entirely free from Gall Stones. I thought it would be an injustice to Vitae-Ore as well as some one suffering from the same trouble to withhold this testimony from you.

Cured this Man of Rowel Catarry

Cured this Man of Bowel Catarrh

Cured this Man of Bowel Catarrh

Pope, Va.—Vitae-Ore is a grand medicine. Two dollars' worth did me more good than all the doctors in five years. I suffered with Stomach and Bowel Trouble and tried several good doctors, but received no benefit. They called my trouble Wet Consumption, or Bowel Catarrh. Everything I ate soured on my Stomach and would run right off. This kept up for two or three months. Then I began to pass white mucous, which was said to be the lining from my Stomach and Bowels. I had been given up to die. I began to improve after I had taken but half the trial package of Vitae-Ore, the flow of the mucous stopping the first week of its use. This mucous had been passing for about four months and I would have thirty or forty actions a day. After taking two packages of Vitae-Ore I was able to do a full day's work on the farm and have been at work ever since. Vitae-Ore did the work and I am in better health now than for five years past.

CAMB. SIMMONS.

GOOD FOR THE CHILDREN

Anxious parents, worried over the children's aliments, have found Vitae-Ore a most effective remedy for such disorders. Easy to take, containing no narcotic drugs, parents feel safe in giving it to the little ones. Vitae-Ore exercises the same curative, beneficial, strengthening and tonic effects in their small frames as in adults, and is well adapted for them. Chocraw, Okla.—It is with pleasure I write in regard to my daughter's treatment with Vitae-Ore. Little Katle, who is five years old, is the one who has been using it. Her Kidneys and Bladder troubled her. I gave her a well-known "root" kidney medicine and then doctored with our family doctor, but she grew no better. She had such pains after passing water I would have to apply hot cloths for a full half hour before she would get relief. After the break and in a week she was well again. It is now about two months and she has had no sign of the trouble returning, but is fine and well.

ODERNATION DID MO GOOD

OPERATION DID NO GOOD

PERATION DID NO GOOD

HASTINGS, MINN.—I had been sick for nine years when I commenced to take Vitae-Ore. I had doctored with some of the best physicians in St. Paui and Minneapolis, and none of them were able to help me. They then decided the only thing that would do me any good was an operation. I submitted to the operation, though in a terribly weakened condition, only to discover it of no benefit whatever, and only made matters worse.

I had Stomach Trouble, Heart Trouble, and Liver Trouble and could retain neither food nor water on my stomach most of the time. When I was first taken sick I weighed 197 pounds, but I went down to 115. At this time I gave up all hope and went home to my mother, at Indianapolis, to die. While there an old friend recommended Vitae-Ore. I had no more hope, but consented to try it and began to improve from the first dose and have continued to improve ever since. My weight is now 170 pounds, my strength has returned so that I can do my own housework. I have no more trouble with my stomach and can eat anything any one else does. I have used only six packages of Vitae-Ore, as compared to hundreds of dollars spent for treatment and other kinds of medicine that did not help me at all.

HARRIET A. DAVENPORE.

USE VITAE-ORE FOR OLD SORES AND ULCERS

Nothing is more irritating and annoying than an ulcer or running sore, and few troubles prove so obstinate or require more careful and persistent treatment to citre. From their slowness in healing, many people so afflicted have believed them incurable, stopped treatment and suffered for years or even a lifetime.

Though people troubled with running sores usually assert that they are otherwise healthy and wonder at the continued eristence of the sore, a close examination shows that there is enough constitutional disturbance to prevent the healing powers of nature from establishing a cure, proving the absolute necessity for a proper constitutional treatment as well as local treatment to effect a cure.

Vitae-Ore is an alterative and blood cleanser; it keeps the absorbents active, enabling broken down, diseased tissues to be replaced by healthy, vigorous cell-life, minimizing the effects of unhealthy matter from the sore in the blood, at the same time assisting inwardly to heal the ulcer, while its astringent and healing properties make it a power for good, applied locally to the skin.

NATIONAL DEPT. CHICA
